AN OPEN LETTER TO YOU FROM JESUS

To you who just received this flyer,
I am Jesus of Nazareth! There is only one God, and I am that God. I am your Creator. Are you not tired of living your life without knowing the real purpose of living? I am the purpose of your life! The life that you are now living without me is dead because real life is one that I will breathe into you through my Spirit. Stop living your life through your own efforts alone, it will end in pain and failure. You have tried everything else, why not try me now – what do you have to lose? My message is simple, it must be because there is only one way to be saved for the entire world. There are two stories: the first is yours. You are now a sinner!

This means that your thoughts and actions are your own, and do not consider my ways. This has separated you from me and leads to physical and spiritual death. The other story is mine: I refused to accept your decision because I love you more than you will ever understand. However, my righteousness demands that your sin must be paid for (atonement). The only acceptable payment is blood that is holy, and only God can provide such blood. This is why I, who am Spirit, gave birth to my own body through which I came to this world and died for you. I rose up from the dead the third day and have been calling millions across the world ever since. Today is your turn! Do not hesitate!

Once you feel my words affecting you – only my words can change and transform a soul –

you will want to repent. This means you feel a sense of godly sorrow for your sins – some cry, for others it is a silent conviction. Do not stop there! You must be baptized in my (Jesus) name. In the waters of baptism, I will remove the body of sin from the dust that you have been carrying all these years. This body cannot enter heaven, but do not worry, I will give you my own body with which you can enter heaven and live forever in my presence.

Next, ask for the Holy Spirit in my name. You see, I love you so much that I have decided to take up residence in all my people and empower them to make it through the many challenges of this life and make it to heaven. I will comfort, edify, love, sanctify and empower you through my Holy Spirit.
